Inter-se allocations of ACA among different sectors of BMS are made by the State Governments.

(c) In the meeting of the Chief Ministers of North Eastern States and Sikkim with the Prime Minister held on 8th May, 1998, the issues relating to economic development of these States were discussed. It was emphasised in the meeting that the development of infrastructure including entire social infrastructure in respect of Health, Housing and Education would receive priority in the developmental programmes for these States.
